

Dear Friends of the Estate,

Today is a day of celebration for all of us, and we want to share it with you. Just as it happened with the 2016 vintage, to which Luis Gutierrez of The Wine Advocate awarded 100 points for the first time, now it is the Guía Peñín that is dazzled by Les Manyes 2022.

Carlos González and Javier Luengo, directors of the guide, describe the wine as an absolute 100 and include it in the list of wines that define the excellence of Spain.

“This wine arrived in our glass with an absolute score of 100. It breathes the landscape and terroir. A wine with tension, vibrant fruit, and a dazzling mineral backbone. Even more remarkable is how it has maintained its freshness in a region where battling climatic adversity is part of everyday life and where the vintner’s skill is even more critical in achieving excellence. This wine conveys the emotion of a magical place like the vineyard of Les Manyes.” (Guía Peñín 2025)

A recognition of the dream with which Dominik Huber started Terroir al Limit more than 20 years ago, with absolute conviction in the power of Priorat's soil and climate to produce exceptional wines. Authentic wines that capture that essence in every bottle, wines that are both an expression of the terroir and a work of art.

With these scores and our philosophy, it's easy to see why these bottles are favorites of collectors and connoisseurs alike.

And with that: a happy summer to all, and may we raise a glass in toast together soon!

Un abrazo,

The Terroir's Team
