Description domain

Behind the name Envínate are four friends from various wine regions of Spain who met while studying at the Faculty of Oenology in Alicante. Their preference for fresh and drinkable wines from old local varieties make them close, and so they decided to create a common project - the name meaning something like "let you be winned". This project grew in parallel with the activities of consultancy of the four members at different estates. Envínate has been a prominent factor for change in the regions where it is active - those the four members are from, to wit, Tenerife, Murcia, Ribeira Sacra and Albacete.
