### Storage potential

best moment: 2027-2030  
Until: 2035

### To serve

Serve at 18°C in a large glass. Decant for a few hours before tasting (at least during the 4 first years).

### Trial analysis

Deep red colour. Still reserved on the nose, this spicy wine shows the structure of a high level Tempranillo, but it is more austere and less ripe than other wines of this producer. Solid and meaty on the palate, some fruit but still slightly dominated by the tannins of the oak. This wine needs to be given some air.
